

CHITALDRUG DISTRICT:

Notification dated the 26th May 1937.

It is hereby notified for general information that the right of harvesting grass crop in the Nerla-kunte Plantation of Chitaldrug Range, Chitaldrug District, up to end of June 1938, will be resold by public auction at the Forest Range Office, Chitaldrug, on 18th June 1937, by the District Forest Officer or the Range Officer, Chitaldrug, at the risk of the original lessee who has failed to pay the lease amount due by him to the Department, as per terms of the relative Sale Notification.

N.B.—The sale is subject to the confirmation by the Conservator of Forests if the value exceeds Rs. 500.

2. The successful bidder will be required to deposit twenty-five per cent of the purchase money, soon after the sale is closed and to pay up the balance together with the Local cess at one anna per rupee, Railway cess at 6 pies per rupee and Education cess at 6 pies per rupee on the whole amount within seven days from the date of confirmation of the sale, failing which the deposit shall be forfeited to Government and the right resold at the risk of the first purchaser (this time) who will not participate however in any gain but will make good any loss sustained by Government by such resale, the deficit being recoverable as a revenue demand under Section 79 of the Mysore Forest Regulation. License to begin collection will be issued immediately after the confirmation of the sale and on the full payment of the sale amount together with the cesses thereon.

3. The purchaser shall not sublet the harvesting without previous sanction of the Conservator of Forests. When such sanction is accorded, the sub-lessee will be bound by all the terms and conditions of the sale jointly and severally with the original purchaser. The Purchaser shall furnish a list of men allowed to enter the plantation, etc., to cut and remove grass and shall hold himself responsible for breach of any of the Forest Rules and for the occurrence of fire in the plantations etc., due either to himself or his men which will be dealt with under the provisions of the Mysore Forest Regulation. He shall deposit a sum equivalent to 10 per cent of the purchase money for the due fulfilment of the lease and shall execute an agreement for the purpose.

4. The purchaser shall not scrape or dig the grass in the plantations but shall only cut and remove it.

5. The grass crop in the plantations and the forests shall be allowed to be only cut and removed between sunrise and sunset up to the end of the period stipulated, viz., end of June 1938. No grazing or storage of grass will be allowed in them.

6. The purchaser shall not interfere with any Forest operation such as planting, sowing and felling that the Forest Department may wish to conduct in the leased area. Should any damage be caused by such operations to the grass crop, he shall not be entitled to any compensation.

7. In the event of a breach of the conditions specified in the sale notice or agreement, the lease is liable to be cancelled, all the produce collected confiscated and a penalty not exceeding Rs. 25 levied and recovered as an arrear of land revenue by the District Forest Officer and the security deposit or part thereof forfeited.

A. V. KESAVIENGAR,
District Forest Officer.

ENGINEERING DEPARTMENT.

BUREAU OF SANITARY ENGINEERING, BANGALORE.

Abstract Notification dated 18th May 1937.

The attention of the public is invited to the Notification, dated 11th May 1937, calling for the tenders for the work of "Constructing silk pattern drains in Arsikere Town", published on page 797, Part VI of the *Mysore Gazette*, dated 20th May 1937.

The last date of receiving tenders is fixed on 5th June 1937.

C. R. IYENGAR,
For Sanitary Engineer.

Notice dated 21st—25th May 1937.

The attention of the public is invited to the Notification calling for Re-tenders for the work of "Constructing drains in Tumkur Town," published in pages 840-841, Part VI of the *Mysore Gazette*, dated 27th May 1937:

The last date of receiving tenders is fixed on 21st June 1937.

Notification dated 26th May 1937.

Notice is hereby given that sealed tenders will be received at the Office of the Sanitary Engineer, Bureau of Sanitary Engineering, Bangalore, upto 1 P.M. on 15th June 1937, for extending the present Pump House at Harihar, for locating the 17' diameter Jewell Gravity Filter for water supply to Davangere. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by 10th July 1937.

2. The plans, detailed estimate and conditions may be seen at the Sanitary Engineer's Office between the hours of 11 A.M. and 5 P.M. on all office days.

3. Tenders should be submitted on printed forms which may be obtained from the Sanitary Engineer. The tenders should be accompanied by a statement in the form given below showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of Rs. 150 in cash (no cheques will be accepted) as earnest money, and be superscribed "Tender for extending the present Pump House at Harihar, for locating the 17' diameter Jewell Gravity Filter for water supply to Davangere," in default of which the tenders will be rejected.

5. The final acceptance of the tender will rest with the Sanitary Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within eight days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond in default of which his tender will be considered cancelled and his earnest money will be forfeited.

7. The name of the successful competitor whose tender has been accepted will be posted on the Notice Board in the Sanitary Engineer's Office in due course. No Enquiry regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

9. Charges on account of scaffolding materials, implements for setting out, barricading, clearing site, supply of water, etc., that may be found necessary during execution will not be paid for separately but should be borne by the contractor.

10. Rates for non-tendered and non-estimated items shall be as per schedule rates of the Department or those fixed by the Sanitary Engineer after working out data with not more than 10 per cent for contractor's profit.

11. In all matters not specifically provided for and in all matters of dispute about rates, quantities, measurements, quality of works, etc., and in all disputes of any kind, the decision of the Sanitary Engineer will be final and legally binding.

Abstract Estimate of quantities of work for extending the present Pump House at Harihar for locating the 17' diameter Jewell Gravity Filter for Davangere Town Water supply.

No.	Particulars	Unit	Quantity
1	Dismantling burnt brick in clay walls	C.ft.	1,200
2	Earthwork excavation for foundation	C.yd.	21
3	Stone jelly in chunam mortar for foundation	C.ft.	345
4	Burnt stone in mortar for foundation	C.ft.	352
5	Burnt brick in mortar for superstructure	C.ft.	1,058
6	Burnt stone slabs 4½" to 6" thick, dressed and fixed	S.ft.	258
7	Chunam plastering	Sqr.	14.41
8	Teakwood door 5"×6" frame 1½" thick planks, panelled shutters with iron fittings, complete	S.ft.	48
9	Teakwood windows 3½"×4½" frame with 1" thick plank, ½ panelled and ½ glazed	S.ft.	96
10	Teakwood ventilators 3"×4" frame with glazed shutters and iron bars	S.ft.	35
11	Iron Trusses as per design	No.	2
12	Teakwood wrought and put up	C.ft.	60.50
13	Roofing with 1st class Mangalore Tiles on 2"×1" teak reapers	Sqr.	11.00
14	Ridge-tiles set in mortar and cement pointed	R.ft.	35
15	Chunam borders and patties over gables	R.ft.	64
16	Painting with silicate grey 2 coats	Sqr.	12.88
17	Teakwood cove board 3"×1"	R.ft.	84
18	Cement pointing to basement	Sqr.	0.84
19	Teakwood finials	No.	2
20	Teakwood pendants	No.	2
21	White and colour washing	Sqr.	60.00

BUREAU OF SANITARY ENGINEERING, BANGALORE.

Notification dated 26th May 1937.

Notice is hereby given that sealed tenders will be received at the Office of the Sanitary Engineer, Bureau of Sanitary Engineering, Bangalore, up to 1 P.M. on 10th June 1937, for the work of Removing 17' diameter 7th Filter Shell parts at Combined Jewell Filters and conveying the same to Harihar. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by 15th July 1937.

2. The plans, detailed estimate and conditions may be seen at the Sanitary Engineer's Office between the hours of 11 A.M. and 5 P.M. on all office days.

3. Tenders should be submitted on printed forms which may be obtained from the Sanitary Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of Rs. 50 in cash (no cheques will be accepted) as earnest money, and be superscribed "Tender for the work of Removing the 17' diameter 7th Filter Shell parts at Combined Jewell Filters and conveying the same to Harihar," in default of which the tenders will be rejected.

5. The final acceptance of the tender will rest with the Sanitary Engineer in Mysore, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within eight days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond, in default of which his tender will be considered cancelled and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the Notice Board in the Sanitary Engineer's Office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

9. Charges on account of scaffolding materials, implements for setting out, barricading, clearing site, supply of water, etc., that may be found necessary during execution will not be paid for separately but should be borne by the contractor.

10. Rates for non-tendered and non-estimated items shall be as per schedule rates of the department or those fixed by the Sanitary Engineer after working out data with not more than 10 per cent for contractor's profit.

11. In all matters not specifically provided for and in all matters of disputes about rates, quantities, measurements, quality of work, etc., and in all disputes of any kind, the decision of the Director of Health will be final and legally binding.

12. The tenderer may go and inspect the 7th Filter at Combined Jewell Filters that is proposed to be removed and then give his tender after studying the details.

Abstract estimate of quantities of work for removing the 17' diameter 7th Filter Shell parts at Combined Jewell Filter and conveying the same to Bangalore City Goods Shed and booking the same to Harihar Railway Station.

No.	Particulars	Unit	Quantity
1	Removing the existing jelly, sand, etc., from the shell ..	C.yd.	53
2	Dismantling the cement concrete shell for removal of waste castings, manifold and strainer pipes ..		
3	Removing the strainers, manifold and lateral pipes with lead joints ..		
4	Removing the countershaft with brackets, washing arrangement, outlet, inlet, scour and overflow wash and re-wash valves, etc., with joints complete ..		
5	Dummying the joints of inlet, outlet, etc., with dummy plates, rubber insertion bolts, nuts, etc. ..		
6	Packing, carting to Railway Station, Bangalore City and booking the same to Harihar ..		

N. KRISHNANENGAR,
Sanitary Engineer.

Notification dated 27th May 1937.

Notice is hereby given that sealed tenders will be received at the Office of the Executive Engineer, Buildings Division, up to 2-30 P.M. of 18th June 1937, for tarring the road with Bitumen emulsion side roads of Sir K. Seshadri Iyer's Memorial Hall in Cubbon Park, Bangalore. An approximate estimate of quantities is given below: These quantities are not guaranteed. The work should be completed by the end of September 1937.

2. The plans, detailed estimate and conditions may be seen at the Executive Engineer's Office at Buildings Division between the hours of 11 A.M. to 5 P.M.

3. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of rupees 200 in cash or Government Promissory Notes, as earnest money, and be superscribed "Tender for tarring the road with Bitumen emulsion side roads of Sir K. Seshadri Iyer's Memorial Hall in Cubbon Park, Bangalore," in default of which tenders will be rejected.

5. The final acceptance of any tender will rest with the Executive Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within eight days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond, in default of which his tender will be considered cancelled and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the Notice Board in the Executive Engineer's Office, in due course. No enquiry regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

9. Rates once tendered will not be enhanced on any account.

10. Rates for non-tendered and non-estimated items shall be as per schedule rates of the Department or those fixed by the Executive Engineer after working out data with not more than 10 per cent for contractor's profit.

11. In all matters not specifically provided for and in all matters of dispute about rates, quantities, measurements, quality of works, etc., and in all disputes of any kind, the decision of the Executive Engineer will be final and legally binding.

12. Quotations must be given in words as well as in figures and they must be in specific term of unit shown against each item of work. Any quotation quoted at so much percentage less or more than estimated rate will not be accepted.

Notification dated 29th May 1937.

Notice is hereby given that sealed tenders will be received at the Office of the Executive Engineer, Buildings Division, up to 25th June 1937, up to 2-30 P.M., for extending the Record Block in the District and Sessions Judge's Court on the right side of the Central Record Rooms in the District Office Compound, Bangalore. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of November 1937.

2. The plans, detailed estimate and conditions may be seen at the Executive Engineer's Office at Buildings Division, between the hours of 11 A.M. to 5 P.M.

3. Tender should be submitted on printed forms which may be obtained from the Executive Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of Rupees two hundred in cash or Government Promissory Notes, as earnest money, and be superscribed "Tender for extending the Record Block in the District and Sessions Judge's Court on the right side of the Central Records Rooms in the District Office Compound, Bangalore". In default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with the Executive Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within eight days of the acceptance of the tender the successful competitor will be required to execute the usual contract bond; in default of which, his tender will be considered cancelled, and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the Notice Board in the Executive Engineer's Office in due course. No enquiry regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

9. Rates once tendered will not be enhanced on any account.

10. Rates for non-tendered and non-estimated items shall be as per schedule rates of the Department or those fixed by the Executive Engineer after working out data with not more than 10 per cent for Contractor's profit.

11. In all matters not specifically provided for and in all matters of dispute about rates, quantities, measurements, quality of works, etc., and in all disputes of any kind, the decision of the Executive Engineer will be final and legally binding.

12. Quotations must be given in words as well as in figures and they must be in specific term of unit shown against each item of work. Any quotation quoted at so much percentage less or more than estimated rate will not be accepted.

BANGALORE DIVISION.

Abstract Notification dated 14th May 1937.

The attention of the public is hereby invited to the detailed Notification, inviting tenders for Improving Kattigenahalli Tank, Register No. 37 of Hoskote Taluk, published on pages 766-767 of Part VI of the *Mysore Gazette*, dated 20th May 1937.

The last date for the receipt of the tender is 2 p.m. on 7th June 1937 and the earnest money to accompany the tender is Rs. 180.

Abstract Notification dated 14th May 1937.

The attention of the public is hereby invited to the detailed Notification, inviting sealed tenders for restoring Alappanahally Minor Tank, Register No. 166 of Hoskote Taluk, published on pages 767-769 of Part VI of the *Mysore Gazette*, dated 20th May 1937.

The last date for the receipt of tenders is 2 p.m. on 5th June 1937 and the earnest money to accompany the tender is Rs. 330.

Notification dated 29th May 1937.

Notice is hereby given that sealed tenders will be received at the Office of the Executive Engineer, Bangalore Division, up to 2 p.m. on 14th June 1937, for constructing Buildings for the Electric Colony at Magadi. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of October 1937.

2. The plans, detailed estimate and conditions may be seen at the Executive Engineer's Office, Bangalore Division, between the hours of 11 a.m. and 5 p.m. on all office days.

3. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer. They should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of Rs. 240 (Two hundred and forty only) as earnest money, and be superscribed "Tender for constructing Buildings for the Electric Colony at Magadi," in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with the Executive Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within eight days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond, with an additional amount of Rs. 240 (Two hundred and forty only) in default of which, his tender will be considered cancelled, and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted in the Notice Board in the Executive Engineer's Office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

9. Charges on account of scaffolding materials, implements for setting out, barricading, clearing site, supply of water, etc., that may be found necessary during execution will not be paid for separately, but should be borne by the contractor.

10. Rates for non-tendered and non-estimated items shall be as per schedule rates of the Department or those fixed by the Executive Engineer after working out data with not more than 10 per cent for contractor's profit.

11. In all matters not specifically provided for and in all matters of disputes about rates, quantities, measurements, quality of works, etc., and in all disputes of any kind, the decision of the Executive Engineer, Bangalore Division, will be final and legally binding.

12. Quotations must be shown in words as well as in figures and they must be in specific term of unit shown against each item of work. Any quotations quoted at so much percentage less or more than estimate rate will not be accepted.

13. Any tender containing a conditional clause contrary to these requirements or making stipulations not provided for either in this advertisement or the abstract quantity will summarily be rejected.

14. Rates once tendered will not be enhanced under any circumstances.

Abstract Notification dated 10th May 1937.

The attention of the public is invited to the Notification on pages 774-776, Part VI of the issue of *Mysore Gazette*, dated 20th May 1937, calling for tenders for the work of restoring Krishnapur Kempankere Minor Tank, R. No. 235/540 of Kolar Taluk.

The last date fixed for the receipt of tender in this office is 12 noon on 14th June 1937.

P. RAJAGOPALAN,
Executive Engineer.

HASSAN DIVISION.

Abstract Notification dated 24th May 1937.

The attention of the public is invited to the Notification calling for the tenders for the restoration of Hyranc Doddakore, Reg. No. 729 of Hassan Taluk, published on pages 819-820 of Part VI of the *Mysore Gazette*, dated 27th May 1937.

The last date of receiving the tenders is 16th June 1937.

Abstract Notification, dated 24th May 1937.

The attention of the public is invited to the Notification calling for tenders for opening out a road from Alur to Biccodu in Hassan District, published on pages 820-822 of Part VI of the *Mysore Gazette*, dated 27th May 1937.

The last date of receiving tenders is 14th June 1937.

Notification dated 25th May 1937.

Notice is hereby given that sealed tenders will be received at the Office of the Executive Engineer, Hassan Division, up to 18th June 1937, for the extension of sluice channel under Budanur Tank, Arkalgud Taluk, Hassan District. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of November 1937.

2. The plans, detailed estimate and conditions may be seen at the Executive Engineer's Office at Hassan, between the hours of 11 A.M. to 5 P.M.

3. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of Rs. 125 (One hundred and twenty-five only) in cash or Government Promissory Notes, as earnest money, and be superscribed "Tender for the extension of sluice channel under Budanur Tank, Arkalgud Taluk, Hassan District," in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with the Executive Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within eight days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond, in default of which, his tender will be considered cancelled and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the Notice Board in the Executive Engineer's Office in due course. No enquiry regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned. The accepted tenderer will have to furnish a cash security of 5 per cent of the estimate for the due fulfilment of the contract.

9. Rates once tendered will not be enhanced on any account.

10. Rates for non-tendered and non-estimated items shall be as per schedule rates of the Department or those fixed by the Executive Engineer after working out data with not more than 10 per cent for contractor's profit.

11. In all matters not specifically provided for and in all matters of dispute about rates, quantities, measurements, quality of works, etc., and in all disputes of any kind, the decision of the Executive Engineer will be final and legally binding.

12. Quotations must be given in words as well as in figures and they must be in specific term of unit shown against each item of work. Any quotation quoted at so much percentage less or more than estimated rate will not be accepted.

13. Transfer of works to third parties by selected contractors will not be countenanced by the Department and in the case of any such attempt the earnest money is liable to be forfeited at the discretion of the Executive Engineer.
